## Notes

This annual plan covers the ongoing domain, hosting, SSL, DNS management, and basic website care for the client website. The website has already been built; this invoice is for keeping the website live, connected, secure, and lightly maintained for the service period listed above.

## Terms

Payment is due upon receipt. Hosting and domain services remain active while the annual website hosting and domain management plan is paid. Larger redesigns, new pages, custom features, advanced SEO, booking systems, ecommerce, or major content updates are not included and may be quoted separately.

## Internal cost reference, not required on client invoice:

Hostinger currently lists Premium hosting promotional pricing from \$2.99/month with renewal around \$10.99/month, and Hostinger states that eligible hosting plans include a free domain for the first year. Hostinger's 2026 domain cost guide estimates average domains around \$10-\$20/year. The \$300 annual client price includes both hard costs and your management/admin time.
